About ABBYY Vantage

ABBYY Vantage is a comprehensive intelligent document processing (IDP) platform that provides AI-powered cognitive services, as well as pre-trained and trainable skills that can 'understand' business documents and extract actionable data and insights.

ABBYY Vantage is a no-code / low-code platform that makes today's digital worker and processes smarter and empowers the new citizen developer to accelerate digital transformation initiatives and expand automation to new processes in a fast and simple way, making an immediate impact on business results and customer experience.

To facilitate the exchange and use of Vantage skills and other technology assets, including connectors, demo apps, and custom activities, ABBYY offers a Marketplace to its customers, partners, and the wider public. The ABBYY Marketplace can be accessed at <https://abbyy.com/marketplace/>. The ABBYY Marketplace is designed to share knowledge and solutions, as well as increase re-use to accelerate implementation and reduce effort. Assets acquired from the ABBYY Marketplace can be used in ABBYY Vantage via the Vantage Skill Catalog.

About the release

This minor release addresses several issues related to document import. It includes fixes for bugs that caused incorrect page rotation while importing some documents and errors that occurred when importing some e-mail messages. The [Bug fixes](#) section contains a detailed list of issues that have been resolved.

The release also enhances the mechanism for technical logs in Vantage and optimizes product security.
