641919	QR Code not recognized in FLS
568418 **641919** **669677**	QR Code is not detected/recognized
428507 **562264**	"Despeckle" is not working in FLS

Notes:

☝ ***Dynamic Password generation***

As part of the R4U10 release, a new dynamic password is generated and displayed on the screen whenever a new database is created, instead of the earlier default password. Please note down the dynamic password without fail, to be able to log in to the new DB created.

A dynamic password is also generated when a new user is created in FlexiCapture system without the SMTP server configured instead of the default password. Please note down the dynamic password for the new user to be able to login to FlexiCapture.

After successful initial login, Users can then change the password as per their standards.

☝️ *Following software components have been upgraded in FlexiCapture Installer as part of this release.*

- *.Net Framework: v4.7.2 ➡️ v4.8*
- *MS SQL Server Express: v2019 ➡️ v2022*
- *.NET hosting bundle: v10.0.2 ➡️ v10.0.14*
- *Codemeter Runtime: v7.30.4811.500 ➡️ v9.10.8166.500*
